TEXAS WON THE CASE

United States Supreme Court Decides
Against the Oil Company.

STATE COURT UPHOLD

The Opinion Does Not Cover All Points
Raised as the Oil Company Has
Accepted Certain Conditions
Imposed by the State.

Washington, March 19.—The supreme court of the United States has rendered an opinion in the case of the Waters Pierce Oil company against the State of Texas, affirming the decision of the court civil appeals of the state of Texas.

It was charged, among other things, that the Waters Pierce Oil company, was a member of the Standard Oil trust, as organized in 1882 and various other allegations were made, but the court did not enter upon a general discussion of trusts, contenting itself with a decision that Texas laws are applicable to this case.

The opinion sustained the decision of the state courts to the extent of affirming them, and was thus opposed to the contentions of the oil company, but it did this upon the ground that the state laws imposed conditions which the oil company had accepted, hence was without ground for complaint.

The opinion was handed down by Justice McKenna, who reviewing the case said:

"The Waters Pierce Oil company, a private corporation begun business in the state of Texas in 1889. The suit grew out of the charge that the oil company violated the statutes of the state of 1889 and 1895 against illegal combinations in the restraint of trade, thereby incurring forfeiture of its permit to do business in the state. The trial was first held in the district court of Travis county, in which the verdict was against the company. It was appealed to the court of appeals of the state and its decision was affirmed and it was brought to this court on a writ of error. The basis of action was the Standard Oil trust was organized in 1882 and it owned that its intention was to control and monopolize the petroleum industry of the United States in the restriction of trade, dividing the markets of the United States in various subdivisions, awarding Texas to the Waters-Pierce company."

The decision is based upon the propositions which were submitted to the jury in the original trial. Justice McKenna said:

"The transactions of local commerce which were held by the state courts to be violations of statutes, consisted in contracts with certain merchants by which the plaintiff in error required them to buy it, exclusively from it, and from no other source, or buy exclusively from plaintiff in error and not sell to any person handling competing oils, or buy exclusively from plaintiff in error and to sell at prices fixed by it."

"The statutes," he continued, "must be considered in reference to these contracts. In any other aspect they would not be subject to our review on their record, except as to the power of the state court to restrict their regulation to local commerce, upon which contention is raised."

TRIAL POSTPONED.

State Not Ready to Try Persons Arrested in the Goebel Assassination.

Frankfort, March 19.—Caleb Powers, John Davis and W. H. Coulson charged with being accessories to the murder of William Goebel, were arraigned for trial before Judge Moore here today. The commonwealth announced not ready, and by agreement the trials were set for next Friday by which time County Attorney Polsgrove said he thought he could get his witnesses and not ask for further continuance.

Ex-Governor John Young Brown made a demand for a list of the witnesses for the commonwealth, but this was refused by the attorney for the prosecution on the ground that publicity might cause some to avoid being summoned.

Commonwealth Attorney Franklin and County Attorney Polsgrove refuse to either affirm or deny the story that Sergeant Golden had made a confession as to his knowledge concerning the Goebel assassination.

KENTUCKY'S GOVERNORS.

They Leave on the Same Train after Spending Sunday in Louisville.

Louisville, March 19.—Governors Taylor and Beckham took the same train for Frankfort this morning after spending Sunday in this city very quietly. It is believed nothing occurred during their visit that will have any important effect on their contest.

Democratic attorneys have filed with Judge Field a demurrer to the amended answer of the Republicans in the governorship suit. As no new points were raised by the counsel for Governor Tay-

lor, it is expected that Judge Field will not require much time to dispose of the case.

A decision reaffirming his recent ruling that his court lacks power to review the action of the legislature seating Beckham, is expected within a day or two, when the case will be taken to the court of appeals.

Charles Humphries, a negro, was shot to death at Phoenix City, Ala., for attempted assault.

SOUTH AFRICAN WAR.

Relief of Mafeking Not Yet Confirmed at the War Office.

London, March 19.—Neither the advance by way of Fourteen streams nor Plumer's movement has yet resulted in bringing news of Mafeking's relief. From Bloemfontein and Natal apparently there are no serious developments and public interest remains centered on Col. Baden-Powell's force undistracted by events of greater military importance. However, it appears likely the converging of troops towards Mafeking indicates much more of a serious purpose than merely its relief.

Judging from Methuen's presence at Warrentown and the capture of the nearby passage of the Vaal at Fourteen streams, keen observers believe Roberts meditates an advance in force on Pretoria by way of Rustenberg. Thus it might start either from Fourteen streams or Klerksdorp, and probably coincides with the advance via Bloemfontein and Natal. Thus Methuen may be given a chance to redeem his reputation, as had been done with Gatacre.

Commandant Oliver accomplished another step in retreat from northern Cape Colony, evacuating Rouxville and going towards Kronstadt, where President Steyn is.

THE PEE GEE SOLD.

Brought \$12,000,000 at the Foreclosure Sale at Joplin.

Joplin, Mo., March 19.—The Kansas City, Pittsburg and Gulf railroad was sold at public auction in this city this morning by E. H. Stiles, master in Chancery, to satisfy a \$23,000,000 mortgage, with one year's accrued interest, held by the State Trust company of New York. But one bid was made and that was by Silas W. Pettit, chief counsel of the Philadelphia reorganization committee, for \$12,500,000, the upset price.

The papers are up to the standard of
the press reports of its character and

amount of advertising. The circulation
for the week of the Sheldon edition was
enormous, and no doubt the influence
of the paper for good was large. If
sensational sheets have been taught
by the conservative and high moral
tone of the paper to abate in any degree
their yellow tinge the country should
be thankful.

CONGRESSIONAL FORECAST

Outline of the House and Senate for the
Next Week

Washington, March 19.—It now looks
as though the week in the senate would
be spent largely in waiting upon the
special Republican caucus committee ap-
pointed to harmonize the party on the
proposed Puerto Rican legislation. The
Puerto Rican government bill will con-
tinue to hold its place on the senate cal-
endar as the unfinished business and
more desultory speeches doubtless will
be made upon it, but it will not be
pressed as it would be if there was hope
of passing it soon. The Republican sen-
ators are opposed to present action on
the bill and no effort will be made to ar-
rive at final results until the caucus com-
mittee makes its report.

In the meantime the appropriation
bills on the calendar will receive atten-
tion. These are the legislative and In-
dian bills.

There is a difference of opinion as to
whether under the agreement to take up
the Quay resolution for consideration on
April 3, it can be called up even for
speeches in the interim. It is probable,
however that some addresses may be
presented on the subject during the
week if no other matter presses for con-
sideration.

An effort will be made by Senator

Davis to get up the Spanish claims bill.

In executive session there will be no

attempt made to secure the confirmation

of Hon. W. D. Bynum as appraiser at

New York, which attempt does not

promise to be immediately successful.

The Hay-Pauncefote treaty will be con-

sidered if the opportunity permits, but

the present indications are against an

early move in that direction.

Today is District of Columbia day in

the house.

Tomorrow the Loud bill relating to

secondclass mail matter will come up

under a special order setting aside Tues-

day, Wednesday and Thursday for its

consideration.

Friday, under the rule, will be given

to private pensions legislation, unless

that order is superseded by the army ap-

propriation bill which is on the calendar.

The Puerto Rican relief bill, with sen-

ate amendments, will be called probably

today and passed. The senate amend-

ments will probably be agreed to with-

out much opposition.

General Joseph Wheeler may present

himself at the bar of the house to be

sworn in some time during the week. So

far as can be learned there is no objec-

tion on either side to his admission if his

resignation as a brigadier general in the

army has been accepted before he pre-

sents himself. The case, however, may

be referred to a committee.

The St. Louis representatives are ear-

nestly laboring to secure consideration for

a bill appropriating \$5,000,000 for the

world's exposition to celebrate the cen-

tennial anniversary of the Louisiana

purchase in 1803, but thus far they have

failed to secure the consent of the pow-

ers that be in the house.

PHILIPPINE CAMPAIGN.

The Insurgent Junta Giving General
Otis Trouble.

LOCATED IN MANILA.

Guerrilla Warfare Is the Only Hope of
the Filipinos and There Is Much
Activity in Some Provinces.
Treason of Civil Officers.

Manila, March 19.—General Otis considers Manila the most troublesome center in the situation today. The insurgent junta here, in conjunction with that in Hong Kong, is growing active. The military authorities have been forced to put a stop to Mabini's intercourse with the public. The local and foreign press considers his recent utterances calculated to incite the Filipinos to a continued revolt and prejudicial to American control.

Flores, who has just arrived here, says the insurgents do not expect to vanquish the Americans, but are maintaining a resistance with the idea of forcing congress to accord them the best possible terms.

A number of representative insurgent leaders from different parts of Luzon have recently been in conference in Manila. Some have been placed under arrest, but the others thus far have not been interfered with.

Reports are current here of active rebel reorganization in the province of Morong, where the insurgent leaders are said to be assisted by prominent Spanish residents.

It is reported rebels are reorganizing in the province of Zambales, under Mascardo.

Brigands are committing atrocities in the province of Nueva Ecija, where they have murdered 20 natives and Chinamen. Eight other murders have been committed near Tarlac. The Nueva Ecija insurgents are heavily taxing local traders and farmers with the result that business is paralyzed and there is a general scarcity of food.

The funds for maintaining guerrilla warfare are collected from the various towns of the island, whether occupied by the Americans or not, even including Manila.

In the province of Albay the insurgents have ceased harassing the Americans, owing, it is reported, to a lack of ammunition, but they continue ravaging the country by burning and looting. The natives are tiring of this sort of thing and threaten to turn against the marauders.

Evidence accumulates of the treason and perfidy of the municipal presidents in the provinces of General MacArthur's district. The presidents of several towns in Lepanto and Union provinces have declined to continue in their positions, saying that they do not desire any further identification with the Americans. Travel between towns garrisoned by the Americans is becoming more dangerous. All wagon trains must be escorted by heavy guards in order to insure their safety.

Spaniards and Filipinos who are conversant with the Tagalo character unite in asserting that Aguinaldo's would terminate the revelation. Three months have passed since he was actually pursued.

Will Be Hanged.

Manila, March 19.—A military commission at Baymabang has sentenced to be hanged on March 30 two natives who have been found guilty of murdering their countrymen.

Wrecked by a Coal Chute.

New York, March 19.—Nine persons were injured here in an accident to a Ninth avenue elevated train. A coal chute dropped down as the train reached the station wrecking the roofs of the engine and two passenger cars. The dozen passengers in the cars were thrown in every direction.

Warships at Galveston.

Galveston, March 19.—The flagship New York and the battleship Texas steamed into port shortly after 3 o'clock Sunday afternoon and dropped anchors near quarantine. Six large pouches of letters and newspapers were put aboard and the officers eagerly scanned the columns for news from South Africa.

Boy Shoots His Father.

McKinney, Tex., March 19.—John Kegans was shot here through the left leg just below the hip with a 22-caliber target rifle in the hands of his 10-year-old son, Dot. The shooting was accidental.

Six Gasoline Victims.

Columbus, O., March 19.—Mrs. Allice Weaver, whose four children were burned to death as the result of a gasoline explosion, died here of her injuries, making in all six victims of the accident.

Shot in the Head.

McKinney, Tex., March 19.—In a difficulty at Weston Step Brown was shot in the head with a 38-caliber pistol. Clyde Austin is in custody charged with the shooting.

Fatally Burned.

Bloomington, Ills., March 19.—Mrs. A. R. Jones of this city was fatally burned by the explosion of a lamp in her residence.

Robbins Is a Candidate.

Austin, March 19.—State Treasurer John W. Robbins has formerly announced as a candidate for reelection.

A GENERAL CONGRESS.

One Will Be Held of American Republics in Mexico Next Year.

New York, March 19.—The state department at Washington has been once more gratified by the prompt and cordial responses received from all the nearest American republics to the formal suggestion recently made by the United States looking to the assembly of a general congress of all the independent governments on this continent similar to the Pan-American conference which met in Washington in 1889.

Sufficient time has not elapsed for replies to Secretary Hay's letter to come from the more distant governments of South America, but their representatives here give assurances which dispel any doubt as to the unanimity of all republics between the Atlantic and the Pacific as regards the proposal to meet as soon as possible with a view of broadening the scope and extending the advantages of the agreements reached 10 years ago.

Within a week or two at the utmost, the last formal responses are expected to reach Washington, and in confident anticipation the Bureau of American Republics, created by the last conference and now including in its membership every one of the republics, is taking up the preliminary work of the meeting which will be held, according to present intentions, at the City of Mexico, beginning in February or March, 1901. The choice of Mexico was due to the fact that all the countries invited to participate have diplomatic representatives there, it is convenient of access to all, the climate from February to August is unsurpassed, and the United States having already enjoyed the honor of one meeting it was thought desirable that other countries in turn should entertain the delegates.

If one of the chief objects of the meeting is achieved frequent repetitions of the conference at stated intervals will be provided for, all the republics will eventually act as host for the international gathering. It is explained that the date of the actual assembly of the conference is deferred for nearly a year in order that ample opportunity may be given for consideration and preparation of the subjects to be presented for discussion, rather than have the delegates hurriedly assembled and confronted with immature propositions.

The administration expects results of the highest value from the next meeting on account of the exceedingly amicable attitude manifested by all the republics toward the United States at the present in spite of the attempts of European powers to make capital out of the results of the Spanish war and to create jealousy in the capitals of South America on account of the expansion policy, which, according to absurd representations actually made to several governments, might be expected to lead naturally to forcible encroachments by the United States on the South American continent at no distant day. This insidious campaign, which a year ago seemed likely to have some effect on the American commerce, has now been practically abandoned in view of the discouragement it received in the very countries where Europe expected to have the most success on account of relations with Washington which for many years were less cordial than today.

DISPUTES OF SULU.

Such as Are Not Included in the Treaty Will Be Settled by Officers.

Washington, March 19.—To prevent friction with the sultan of the Sulu archipelago, measures have been taken by the American authorities in the Philippines for the adjudication for any questions that may arise which cannot be disposed of by the provisions of the treaty which he and General Bates entered into several months ago.

Colonel Pettit, who succeeded Gen. Bates as commanding general of the department of Mindanao and the Sulu archipelago has issued this order, a copy of which has just reached the war department.

It is directed that all cases in dispute between the sultan and his subjects and the United States which come in conflict with the provisions of the treaty, be referred by the commanding officers at Sulu, who will take such action as he may deem best, making a full report to the district commander.

Sues the Santa Fe for \$20,000.

Paris, Tex., March 19.—Mrs. Josie Bridges has instituted suit in the district court against the Gulf, Colorado and Santa Fe Railway company to recover for herself and two minor children the sum of \$20,000 as damages for causing the death of her husband, M. W. Bridges, a week ago. His team was killed and his wagon torn to pieces at the same time.

A Wreck Prevented.

Cleveland, March 19.—An attempt was made to wreck the Lake Shore fast mail. At Olmstead Falls, about 20 miles west of here, a rail had been laid across the track. The engineer saw the obstruction in time to apply the airbrakes. The front wheels of the locomotive struck the rail, but the engine remained on the track. The engineer says he saw three men run away from the spot.

Gave the Sheriff the Slip.

Clairemont, Tex., March 16.—Polk McMillan, while under arrest on charge of horse theft, escaped from Sheriff Rodgers here. McMillan was arrested about 50 miles from here in Stonewall county. When Sheriff Rodgers and his prisoner, who was riding a few feet in the rear, got within 200 yards of the jail McMillan dropped from his horse and ran off in the darkness.

"A Wise Woman."

One of the cleverest combinations this season has been secured as the attraction at the Grand, Wednesday, next, March 21. The company referred to is headed by Miss Marie Lemour, heretofore a prominent and attractive member of Augustin Daly's New York company. The play through which Miss Lamour will be introduced to our theatre goers is Wilfred Clark's London great comedy success "A Wise Woman." Miss Lamour and her company have been accorded the highest praise everywhere they have appeared and it is claimed for them that they take a high position among the standard metropolitan attractions of the day.

Frederic Murphy, whose splendid talents are well known to many patrons of the drama, and who last season occupied the important position of leading man for Julia Marlowe, has been engaged to appear in the same capacity with Miss Lamour's organization. The balance of the supporting company is said to be an equally high order of merit. Mr. Clark, who did the staging of his company when it was put on at the Strand theatre in London, where it ran for 238 nights, has looked after this important detail for Miss Lamour.
